to a certain day I should either remain a bachelor or married one, and I had to choose. I took a day earlier than I expected in such effect. I got married the 14 day later. The first night since then in the room where I was kept.

It was at the time I wrote of a stomach ailment but somewhat toward my recovery. I was 3600 a year. I had been a doctor of girls setting their faces for married clergymen, but I saw no evidence of the truth of these stories. My new aim. Most of the girls of my congregation were daughters of well to do, some of them rich, persons. Whether the girls did not encourage me because they were aware that I

And a distant one that I never see  
any more, I wished to be  
consequently I had to go  
and make a little more  
call and the evening before my  
departure for my new field called up  
a friend of mine and told him  
that I had appointed my "little  
assistant." I had some "be-  
liefs" I thought, but I was not  
supposed to say anything about  
them in the light of my presentation  
my views my friend read and asked  
me to write him a letter about  
a little paper for I had reached  
intermittent rain in which I was  
not sure of the weather. I was  
about for something to look over  
with him. I had been in a habit  
of writing him a simple book. "Take  
up the pen," he said, "and  
write." Turning back the leaves I  
saw on a piece of paper in which  
I had written the words "I am  
not sure that I could write my  
thoughts in my own name."

before my looks or right side of my face  
to the other side of my face. I was  
told and to see more." This is what  
reading is for. 17

George Dunham gave away his  
toy, and my heart goes with him.  
I would be happy if he had said  
"I have from the heart rather than  
from the head." This is what  
writing is for. 18

When the writer of this fragment  
turned I had risen and was looking  
out of the window. She resumed her  
as though she expected me to read  
my "intended" discourse." This  
first at the end of the fragment  
of the worst-case incident, man  
to man. 19

**BISHOP AT THE COUNCIL HOLDS**  
**COMMENCEMENT JUNE MEETING**

**Gettysburg Town Council Discusses  
Various Matters of Public Inter-  
est. Hack License Matters De-  
clared Unsatisfactory.**

arenta The June meeting of the Gattysburg

Town Council was held Tuesday evening in the Council chamber in the engine house and a number of matters were considered by the councilmen, all of whom, with the exception of Mr. Butt, were present.

Charles Beck appeared before Council to offer some red shales for filling the streets. The offer was accepted.

John E. Pitzer complained to Council of method of taxing beetfield violators. Councilmen were of the

opinion that it was too late to make any change now for this summer. Councilman Kitamiller suggested taxing the buses instead of the vehicles but others objected to this and no action was taken.

to complain of height of crossing between his property and that of Annie Twomey, claiming that it was built a foot too high and was "wider than any place in Cumberland township." Dr. Hudson's statement was followed by considerable discussion but no action was taken. Mr. Tawney

of the Highway Committee said that he had given no instructions to build the crossing at anything but the national form grade. Dr. Hudson also complained of the position of a light pole on Linwood street. No action was taken.

Marye Maaser Miller reported contributions of \$38.50 and Eugene Holterworth of \$72.50 both of whose reports were accepted. The treasurer's report showed a balance in the general fund of \$285.32 and in the special fund of \$388.22. The auditors' report was received and referred to the finance committee.

The ordinance ordaining the alley South of East Middle street was passed finally.

The Board of Health asked for the second installment of the annual appropriation. An order of \$30.00 was granted.

Complaint was again made regard-

ing the lighting of the town and Mr. Light Committee was instructed to order Light Company to attend to trimming of trees under the supervision of the Council. There was also some complaint about the placing of some of the Tanager lights and of the condition of some of the lamps.

Councilman Arner reported that the police registry system had been out of service for several months though a report of it had been made. It was decided that necessary repairs be made.

The visit of Engineer Fraiz to Gettysburg was told of by Mr. Tawney.

who stated that Mr. Pratt explained satisfactorily apparent errors in the grade. The marker at the college campus was ordered lowered about 6 inches but no other changes were made. Drainage and other things were taken into consideration when the grade was given and for this reason

Secretary Kinsmillier reported that the duplicate amounts for 1916. The general tax and \$1547.00 special tax, a total of \$1547.00.

**SOLD IN ADAMS**

A vein of gold ore assaying at about \$70 a ton has been discovered upon the tract of land on the South Mountain.

in Adams county by the Eagle  
tello Copper Mining company. The  
discovery was made by chance on  
property owned by the Company near  
Jack's Hollow and is in rock of a  
volcanic formation. The vein follows  
dyke between two slopes and is as  
thick as about 40 feet wide and 100

deep. The men sent by the company to make investigations report another move to keep the place in operation for at least two years with other Japanese prohibia after that. The mining company is composed of Allentown men and is capitalized at \$200,000.
